Azores: 105 walks on 9 islands - The finest coastal and mountain walks

ISBN 9783763348473

The Azorean landscape is the very picture of extremity. Enchanting forests fuse with heavenly rolling hills and deep-blue crater lakes. Extinct volcanoes tower to the heavens and countless cleft valleys have been deeply cut through the volcanic stratum. The areas lying directly on the coast, often difficult to reach, are exceptionally fertile and under intense cultivation. From a multitude of scenic viewpoints, one can gather breath-taking views of volcanic craters, lakes, hilly countryside or the bizarre coastline. Additional attractions are fumaroles and hot springs as well as thermal bathing pools. Because of these things, the spectrum of possible walks range from pleasant strolls through meadows and forests or along the coast all the way to challenging mountain hikes on Pico, Portugal's highest peak.
